

System for Remote Television Replay Control,” and which is being filed concurrently with the present application on August 8, 2001, the content of which is hereby incorporated by reference in its entirety.

[0006] The subject matter of this application is related to commonly-owned U.S. Patent Application No. 09/925,109, by Millard E. Sweatt, III, *et al.*, entitled “Method and System for Remote Television Replay Control,” and which is being filed concurrently with the present application on August 8, 2001, the content of which is hereby incorporated by reference in its entirety.--

#### REMARKS

Applicants are hereby amending the specification to provide updated information related to the U.S. application numbers which have recently been made available from the U.S. Patent and Trademark Office for the pending U.S. applications incorporated by reference. Consequently, Applicants respectfully request entry of the amendment of the specification in the instant application.

Applicants believe that this application is in condition for allowance of all Claims 1-31, and therefore an early Notice of Allowance is respectfully requested.

Respectfully submitted,

Millard E. Sweatt, III, *et al.*
